[19:48] <scruffshark> @SpookyWuN So he's bringing this up to tell us that our recommendations aren't going to be helpful.

[19:49] <synapse_321> yea. why not. he needs durable and reliable.

[19:49] <punished_juliana> the real tech is just buying an endgame headkrone and never thinking about it ever again

[19:49] <staticshock851> 100% immersive

[19:49] <synapse_321> might as well go all out

[19:49] <scruffshark> Again, he doesn't need something this expensive.

[19:49] <gabriel_ko> I wear glasses and headphones just make my ears hurt

[19:49] <neospartanhesperos9> @Fieldspire it's fucking hilarious LUL

[19:49] <d4gamerz> Im wearing a 30\$ headset right now and the sound and quality is crisp

[19:49] <kozatof> @punished_juliana just buy Doritos headphones

[19:49] <speedweed__> lmao

[19:49] <d4gamerz> Astro's are unnecessary luxury headphones

[19:49] <nightbot> WaifuDestroyerMatt just tipped \$2.00

[19:49] <kinggoken> this is the best stream on TWITCH. Hands down.

[19:49] <solidussnakex> They come with a mix amp

[19:49] <oldchipz> you really don't need 200+ headphones, you are not a CSgo pro player

[19:50] <punished_juliana> as much as i hate gaming krones, sennheiser game zeros blow those out of the water Kappa

[19:50] <hindae> Astro A40TR are like \$250 - \$300 wow, no way id pay that

[19:50] <temoblanks> Next Phil is going to say he NEEDS a RacerX chair because of his back or something.

[19:50] <staticshock851> lots of time covering this topic huh

[19:50] <kittyspank> so bad dont buy that junk

[19:50] <scruffshark> I can plug this headset to my PS4 too, so I don't see why you gonna buy a 200+ price.

[19:50] <cookiemonster414> why the hell does phil think the more expensive the headphone the more durable it is cause thats not always the case.

[19:50] <kinggoken> ^

[19:50] <kittyspank> price does not = quality/durability

[19:50] <kozatof> @cookiemonster414 there's a reason why money is a problem with him

[19:50] <temoblanks> *DXRacer (sorry)
